If a ghost gave you a confession, what would you do...
Right now, that's the situation that I'm faced with...
Because I have a bad friend who sent me to an abandoned school building, I ran into her——

We've been separated for a thousand years, and now you've become like this?!

Thanks to the Qing Ming festival, I got up early.....
Didn't expect to be this tired...
Yo! Ji Chen!

Ah, mornin'~
Lu Ming, he's a friend of mine: a handsome fellow and a glutton.
Hi...
Ooh!
Looks like you've got breakfast here!!
NO WAY! It's all mine!
. . . . . .

You dare treat newly appointed student council secretary Lu Ming like that?
You actually joined student council?
Of course! Not only that, Miss Yan and I added one another on WeChat~
Why don't you believe me~
Bui
It's true! I swear I'm not lying! Ji Chen!

Of course not~
That's not what a member of student council would do~
Don't you think so~

Finished with student council duties?
Haven't quite finished today's work, was thinking about asking you to help me out with something...
What is it?

Ha?!
You want me to go to the abandoned school building and get a tennis racket from the boys' restroom? How did it even end up there?
Well, that place is kinda like a haunted house at night, so I don't wanna go~
Bring it back for me and I'll give you her number~ Please!
You... !

Ugh...
Having to help him get something from an abandoned place like this...
It's really spooky~
There's no way it's haunted, right...

This place has been deserted for quite some time...
It's like a haunted house...
Is this where Lu Ming said the tennis racket was?
